

TUNACAT II

Type: Aquaculture & Fish Farming Catamaran

Hull Material: GRP

Owner: Balfegó Tuna S.L (Spain)

Tunacat II is a multipurpose, robust and versatile workboat catamaran designed to support red tuna fish farms providing maintenance services, feeding and harvesting, being able to carry 27 people on board. Stable and maneuverable, Tunacat II main innovation lays on its highly optimized hull, built with special side conducts designed to displace water from the waves during the navigation, that will reduce sea-sickness, lessening vertical acceleration.

MAIN PARTICULARS

General information

Hull material	GRP
Type	Aquaculture & fish farming catamaran
Delivery	2016

Dimensions

Length overall	22 m
Length between perpendiculars	20 m
Breadth moulded	7.1 m
Depth from main deck	3.4 m
Draught	2.1 m

Capacities

Fuel oil	8 m ³
Fresh Water	2 m ³
Cargo hold	48 m ³

Accommodation

Crew	3
Transport of Personnel and Divers	24 persons

PERFORMANCE & MACHINERY

Propulsion / Manouvering

Propulsion System	Conventional
Main Engines	2 x MAN D2876 LE 407, 360kW each
Main Propellers	2 x 4 Blades, Fixed Pitch 1500mm diameter propeller

Features

Maximum speed	11 Kn
---------------	-------

EQUIPMENT

Deck / Special equipment

Deck cranes	2 x Deck crane 1.570 t at 12,2 m
Winches	4 x Deck Winches
